

Pastello Piccolo

Specification sheet

Another one of the smallest spots from GLG. Designed in a compact housing this small Fixture can do great things! The Pastello Piccolo has seven 8 watt RGBW 4 in one led's with 20 degrees lenses. This combination ensures a lot of lightoutput and great colormixing also due to the innovative 14 dimming software.

The aluminium housing and double brackets makes this little one suitable for for live concerts, TV studios, Rental companies, road shows, mobile DJ and clubs.
